TERRAIN PARKS

ADVENTURE LAND On Chair 9 at Timber Creek: beginner-level snow features—rollers, spines and whoop-de-dos.

BURTON PROGRESSION PARK On Chair 7 at Timber Creek: intermediate level jumps, boxes, and half pipe.

K2/RIP CURL STOMPING GROUNDS Expert level on Chair 5; bigger jumps and knicked falls.

SKIER/BOARDER-X A permanent course off Chair 5, lower Lost Cabin.

KIRKWOOD SKI AREA AND AVALANCHE CONTROL BOUNDARIES

Kirkwood is a unique mountain with over 2 miles of ridge line where cornice forms. After snowfall or windy conditions an avalanche hazard may develop. Please be aware that avalanche hazards not only exist in avalanche starting zones but also on most of the intermediate and beginner trails below where on high hazard days long running avalanches may cross the lower trails. Access to terrain outside of the ski area boundary is not always allowed. Please refer to the large yellow signs at ski area boundary access points and at the bottom of chair lifts to determine the status of ski area boundary access. Several sections within the ski area may be closed, often to reopen when the hazard is minimized by avalanche control procedures.

CAUTION Deep snow or tree wells can expose you to the risk of snow immersion injuries or fatalities. Educate yourself on how to reduce the risks and ALWAYS SKI OR RIDE WITH A PARTNER. For further information visit www.treewelldeepsnow.com.

Kirkwood Mountain Resort promotes the use of helmets. It's up to you to educate yourself about their benefits and limitations. Helmets are available in all our rental/retail locations.
